## LCdr R. C. Snow Becomes Supply Officer

LCdr  
RICHARD  
C.  
SNOW  
USN

LCdr Snow comes to Dahlgren from a two-year tour of duty as Supply Officer and Comptroller at the U. S. Naval Station, Midway Island. He was serving at Midway in 1969 when President Nixon and President Thieu, of the Republic of Vietnam, visited the Island.

Two of his other recent tours of duty have been those aboard USS BELLE GROVE (LSD-2), the first Station Ship at Danang in South Vietnam at the onset of the conflict as the input of American forces was beginning, and as Supply Officer at the Naval Underwater Sound Laboratory, New London, Conn.

A native of Rochester, N.H., he received a B. S. in business administration from Virginia Polytechnic Institute

The commander holds the National Defense Service Medal (2nd Award), the Armed Forces Expeditionary Medal (Vietnam), the Vietnam Service Medal, the Republic of Vietnam Campaign Medal and the Expert Pistol Medal. He has

## Advanced Systems Department Has Two New Ph.D.'s

DR.  
WILLIAM  
S.  
MARTENS  
FCD

Dr. Martens grew up in West Virginia and New Jersey. He attended Rutgers University, New Brunswick, N.J., receiving a B.S. in chemistry in 1956. He was granted a Ph.D. by the University in 1960. His thesis was entitled "Molecular Weight Distribution of Sodium Polyphosphates."

Dr. Martens comes to the Detection Branch, C/B Sciences Division, from employment as a consultant for the State Health Department, Bureau of Industrial Hygiene in Richmond. Prior to his joining the Bureau, he was employed by Allied Chemical Corporation at its Technical Center at Hopewell, Va. His first employment was for a year and a half with International Minerals and Chemical Corporation, Mulberry, Fla.

In FDC he will be a member of a team with the responsibility of developing point sampling chemical detectors for shipboard use.

Dr. Martens is interested in skiing,

DR.  
JAMES  
R.  
CARLSON  
FVN

Dr. Carlson was born in Washington State.

He holds a B.S. and an M.S. in physics from the University of Washington at Seattle, and a Ph. D. from Oregon State University, Corvallis. His field of research for his thesis was experimental high energy physics--the neutral cascade particle.

As a physicist in the Electromagnetic Environments Branch (FVN), Electromagnetic Vulnerability Division, Dr. Carlson will be responsible for antenna design to suppress electromagnetic compatibility problems.

He likes to ski, hike and play tennis.

He is married to the former Vickie Gould of Dayton, Ore.

The Carlsons live at 1321 Dandridge St., Fredericksburg.

water sports, hiking, camping and art. He is living on the Potomac River near Fairview Beach at "Morland".

## LCdr R. J. Good Reports As Relief For Cdr McCall

LCdr  
RICHARD  
J.  
GOOD  
USN

Commander Frank J. McCall Jr., USN, has departed Dahlgren for his new station at Argentina, Newfoundland, and Lieutenant Commander Richard J. Good, USN, is now NWL's Dental Officer. Dr. Good is a native of Providence, R.I. He did his undergraduate work at the University of Detroit and is also a graduate of the University's Dental School.

He was a member of the Enlisted Reserve from 1948-1954 and saw three years of active duty during the Korean War. As a dental officer in the United States Navy he was with the 2nd Marine Division in the Lebanon occupation with the 3rd Battalion/6th Marines in 1958. Some of his other tours of duty have been those as a member of the pre-commissioning crew of USS ENTER-
